

Dear Sir/Madam,

I am writing to apply for the Cyber Security Analyst/Engineer/Consultant position. I am working as a Network Engineer at TCoE for 2 years now and previously, I had worked as a Software Engineer at Infinitech LTD. I have a Bachelor's degree with Honours in Computer Forensics excelling with First Grade and an outstanding achievement award from Leeds Beckett University. I am looking to obtain the position of a Cyber Security Engineer/Consultant to apply deep understanding of Networking, Software Development, Cyber Security, attack vectors, and OS's. And I am also coming with 3 years Software Development and Networking experience and an exceptional ability to write scripts/code using Python & Bash.

I am detail driven with an eye for spotting errors. My analytical skills are sharp and I am able to solve complex problems. I possess excellent time management skills and am able to meet deadlines for multiple projects. I am very knowledgeable in the use of computers and programs geared toward digital security. I am often the go-to person on staff for assistance with repairing glitches and understanding errors. I would love the opportunity to be your company's go-to person as your next Cyber Security Consultant.

I am quite certain you will find my expertise and talents to be what you are looking for in a Cyber Security Consultant. Please be in touch at your convenience to schedule an interview. I look forward to meeting you and thank you in advance for your time and consideration.

Sincerely,

Anubhavsingh Sawdagur
